Referring to my question about when the contact and the ship to addresses are different. Would it be possible to have the ship to address show up in the e-mail notification so we can watch for those situations. For example, this order has a different address in the instructions - I don't know if he had it in the profile as the ship to address.

**Instructions:**

Please, send the seeds to Mr. Adriano Mastromedico in 2014. E. Amber Lane, Apt.208, URBANA, IL 61802 His phone is 217 778 0948. He will do process for exporting them to Brazil.

**Intended use of material:**

Research: Varietal Development

**Research use notes:**

We are looking for sunflower varieties adapted to Tropical or Subtropical areas. The KENYA WHITE variety is very worth to be tested in North Brassil.

**Items:**

1 01377520 MG7 Helianthus annuus
